### A CALL TO BATTLE --- THE MASSES VS. THE CLASSES.

If ever there was a time in the history all patriotic citizens to band themselves together to defend popular liberty and all and special privileges to none," that time is now upon us. Enriched by the century, the classes have grown shameless in their prostitution of the rights of the masses to their own aggrandizement. Rich and powerful, they have elected Presidents and Congressmen and dictated the action of the party through which they have gained their millions, and with each succeeding year have added to the burdens of the masses of the per more and more. people. Long dormant under oppression, the masses are at last awaking to the crimes of legislation which have been committed in the name of Protection and Liberty, and are beginning to plutocracy rivets with which to bind them hand and foot. These organizations take many forms, but though fighting under different banners, all organized bodies which protest againt injustice are one in spirit, though, perhaps, object in view.

While there are many organizations, each fighting for the same end, such as all organizations of labor; all farmers' organizations, there be a common ground upon which all this army of men who have the courage to fight against to its principles. the Money Power should rally and come together. This need is supplied in the organization of the Young Men's Democratic Clubs which in almost every State in the Union have come to be a valient right arm of Reform. Membership is confined to young or active Democratsno old fogies are wanted in its ranks, but any Democrat young in spirit and resolution is welcomed to membership, though he be three quarters of a century old.

The Democratic State Executive Committee of North Carolina urge the active Democrats-young and old-to organize these clubs in every town, city, ward and township in the State. It is intended to make them earnest and active agencies for the spread of Democratic principles and the election of men to carry out those principles. The UHRON-ICLE is heartily in sympathy with the purposes of these clubs, and in active harmony with the efforts being made to secure their organization in every school- peace.

They elected Mr. JEFFERSON; they saw him seated, in spite of a corrupt and lawless plot to count him out, and the popular triumph of that day was followed by half a century of Constitutional government, peace and prosperity, under JEFFERSONIAN policies, administered by Jeffersonian statesmen. Such societies are the natural resort of freemen whose liberties are enof the country when there was need for | dangered. The Morganton Herald, by a slip of the pen, wrote the name of JEFF HYAMS, a Democrat, in its report of the Republican Judicial Convention, instead of WASH HYAMS, and the Democratic HYAMS got so mad that he threatened to whip the editor at sight if he did not correct the error.

Mr. White has never been in politics much; is at present president of the County Alliance; a good farmer and for Senator Vance.

We therefore brought out during August for our trade a line of new carpets equal to the regular Fall stock.

This was something unusual for that month, and many have taken advantage of such a favorable opportunity and made their purchases early.

However, we are not going to stop here, but we intend to still further increase our carpet trade, and will show a greater stock this Fall than ever.

The line is now about complete, and those who intend buying carpets this Fall will have the privilege of examining the largest stock in North Carolina. We invite the most rigid
